

Friends and Family Survey Feedback - June 2019

Reception ladies, practice manager & Doctor (GP) were so kind, understanding, helpful & so professional.

Prompt admittance and a very friendly, sympathetic nurse

It was a very pleasant experience and I managed to do my own blood pressure while waiting

very helpful GPs, reception ladies are nice and helpful. unfortunately practice doesn't have much capacity so difficult to find appointments

I am extremely likely to recommend Neaman to friends and family because everyone at the practise is polite and the doctor knowledgæable.

Apology received if timed appointment delayed and a caring GP.

Excellent medical team backed up by first class office staff

Friendly and helpful reception staff as well as very competent
